

Tender Heirlooms of Dresden citizens

In the context of „Erbstücke – Festival of Heritage and Tradition in Contemporary Art“

HELLERAU – European Centre for the Arts is looking for heirlooms of Dresden citizens for an exhibition during the festival „Erbstücke“. What is your favourite heirloom? Who handed it down to you? What does it mean to you and how is it used nowadays? We are looking forward to your story!

During the festival „Erbstücke“ from 26th of April to 5th of May ten selected memorabilia will be shown at HELLERAU.

Citizens who exhibit will get two tickets for the festival opening. The objects are going to be covered by insurance for the period of the exhibition.

If it was necessary, we could offer a pick-up and return service.

We kindly ask you to send us a photo and a brief description of your heirloom **until the 8th of March**.

We look forward to receiving your submissions:
